

# Auxiliary Emergency Communications (AEC)

## Training Course

Unit 0: Introduction

Homeland Security

**OEC/ICTAP**

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

---

---

---

---

---

---

---

---

# Auxiliary Emergency Communications (AEC)

Auxiliary Emergency Communications (AEC) is not yet an official position within the National Incident Management System (NIMS).

The Incident Commander has the final authority as to where the AEC personnel will reside within their command.

AEC UNIT 0 - INTRODUCTION

---

---

---

---

---

---

---

---

## Course Goal

The goal of this course is to provide instruction to the AEC volunteers so that their individual and organizational efforts/expertise are appropriately integrated into the public safety/service communications support environment:

- At emergency incidents/planned events/training exercises
- Within the emergency management structure (Emergency Operations Center (EOCs), etc.)

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

7  
AEC UNIT 0 - INTRODUCTION

---

---

---

---

---

---

---

---

## Course Goal (Cont)

- Supporting communications with other organizations (Red Cross, Salvation Army, etc.)

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

8  
AEC UNIT 0 - INTRODUCTION

---

---

---

---

---

---

---

---

## Course Purpose

- Meet the needs of a volunteer AEC Communicator
- Educate the AEC Communicator on how to work in an EOC/ICS environment
- Standardize basic AEC procedures that can be used either within a state or between states
- Educate volunteers on how to work closely with the public safety community so that communications between the two will be interoperable

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

9  
AEC UNIT 0 - INTRODUCTION

---

---

---

---

---

---

---

---

## Objectives

- Identify the functions, duties, and responsibilities of the AEC Communicator
- Arrive at an Incident appropriately dressed, equipped, gather information to assess the assignment, and begin initial planning
- Plan, organize, staff, direct, control, and demobilize the AEC group in a safe and effective manner

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

---

---

---

---

---

---

---

---

## Objectives (Cont)

- Coordinate with incident sections, communications personnel, and other agencies to accomplish incident objectives
- Design, order, and ensure the installation, operation, and maintenance of all auxiliary communications systems
- Maintain accountability of assigned communications equipment

Office of Emergency Communications / Interoperable Communications Technical Assistance Program

---

---

---

---

---

---

---

---

## Unit 0: Summary

- 1) Described the administrative requirements of the course.
- 2) Introduced instructors, course coordinator, and volunteers.
- 3) Presented course goals and objectives.
- 4) Explained course process and developed expectations.
